Mr Rakha — Strategy Plan

Oct 7, 2026 · @Nosseir

Three posts a week across Instagram, Facebook and TikTok, all from one shoot day a month, building toward a January intake that opens to the waitlist first. Accounts go live on Sunday 1 Nov 2026 with 6 posts already banked.

Audit card and 3-month arc

Start from zero, earn authority in Nov–Dec, turn it into a waitlist around the 14 Jan results, and open the intake in late January.

Audit card: Mr Mohamed Rakha · IGCSE and O-level Business and Economics, 10+ years · 0 accounts, 0 followers · Sparq's first teacher (kept off his accounts for now) · Audience: students and parents · Platforms: IG, FB and TikTok, cross-posted · Production: 1 shoot day a month; on-camera mix tested on shoot day 1 · Budget: no paid ads (organic) · Built free by The Commando as part of Sparq. · Teaches part-time at more than one school, plus his own center and online. Schools are never named, shown or hinted at in content (no uniforms, logos or buildings).

Phase	Dates	Job	Main content	Goal (proposed, to confirm)
1. Authority	1 Nov – 20 Dec 2026	Be the name people associate with "real-world" IGCSE Business	The Brief, the 0264 explainer, exam mastery, class clips	1,500 followers across 3 platforms; 30+ saves per carousel
2. Demand	21 Dec 2026 – 20 Jan 2027	Turn attention into a waitlist	Results stories (14 Jan), mock prep, testimonials, "what the January group covers"	50 families on the WhatsApp waitlist
3. Join	21 Jan – 28 Feb 2027	Fill the "final stretch" group for May/June	Waitlist-first intake, class experience, parent proof	Seats filled (target to set with him)
Later	from ~Feb 2027	Bring in Sparq	"How my class works": reports and feedback, credited	Once he's used Sparq for 2–3 months

Main KPI: WhatsApp conversations from parents and students. Followers are only a means.

Channels, pillars and cadence

Post once and cross-post everywhere. Each platform has a different job; TikTok gets the most Briefs, Facebook the most parent content.

Platform	Role	What leads	Notes
TikTok	Reach students	Brief reels, exam reels	Native captions; no Facebook watermark
Instagram	Trust and conversion	Carousels, reels, stories, highlights	WhatsApp button; stories 3–5 a week
Facebook	Parents	The same reels plus parent posts and the 0264 explainer	Share into parent groups only where allowed
WhatsApp Business	Sign-up	Waitlist, quick replies	The only place a price is discussed

Face vs faceless: Mr Rakha appears teaching, at the board, talking to students, not to the lens. Short scripted lines only if the shoot-day test feels natural. Carousels, the 0264 explainer and charts are faceless and made with code (`commando-design-studio` and `commando-motion-studio`), so they need no shoot.

Pillars and mix (per month, 12 posts):

Pillar	Share	Posts	Avatar
The Brief: real-world business and economics through the syllabus	35%	4	A* chaser, subject chooser
Exam mastery: command words, mark loss, 0264	30%	4	A* chaser, parent
Inside the class: the experience	25%	3	All
Proof and soft invitation (results, testimonials, waitlist)	10%	1	Parent

Cadence: Sun, Tue, Thu at 8 pm Cairo time (to be checked against the first month's insights), plus 3–5 stories a week. One shoot day per month makes about 8 reels and the photos; 4 carousels a month come from code. About 20% of posts are experiments (new formats, sounds, hooks).

Month 1 calendar

Twelve posts from 1 to 26 Nov, all cross-posted to IG, FB and TikTok (carousels go to IG and FB, with a slideshow version on TikTok). Posts 1–6 must be finished before launch.

Date	Pillar	Format	Premise	Face	Goal	Avatar	Next skill
Sun 1 Nov	Class	Reel 30s, pin 1	"Who I am": board word, class moments, one line. No intro talk.	Face (teaching)	Trust	Parent	commando-content-studio
Tue 3 Nov	Brief No. 01	Reel 45s	Why a Pepsi costs more at the cinema: no competitor inside = monopoly power, and how Paper 1 asks it	Face (board)	Reach	A* chaser	twist-lab → content-studio
Thu 5 Nov	Exam	Carousel, pin 2	"The Business exam changes in 2027": 0450 → 0264 in 5 slides	Faceless	Authority, saves	Parent	copy-engine + design-studio
Sun 8 Nov	Exam	Reel 40s	Explain vs analyse vs evaluate on the board: one example, three answers	Face (board)	Saves	A* chaser	content-studio
Tue 10 Nov	Brief No. 02	Reel 45s	Why delivery apps keep adding small fees: price elasticity of demand	Face (board)	Reach	A* chaser	twist-lab → content-studio
Thu 12 Nov	Class	Reel 20s	A student's "aha" moment, real and with consent	Face (class)	Warmth	All	content-studio
Sun 15 Nov	Exam	Carousel	"The Margin": a 6-mark answer (dummy) marked in oxblood from 4/6 to 6/6	Faceless	Saves	A* chaser	copy-engine + design-studio

Date	Pillar	Format	Premise	Face	Goal	Avatar	Next skill
Tue 17 Nov	Brief No. 03	Reel 45s	Why families buy gold when prices rise: inflation and stores of value (Economics)	Face (board)	Reach, parents too	A* chaser, parent	twist-lab → content-studio
Thu 19 Nov	Exam	Reel 30s or carousel	Three questions to ask any IGCSE tutor (scripted line test, or a carousel if the line didn't work)	Face or faceless	Trust	Parent	copy-engine
Sun 22 Nov	Exam	Reel 45s	Paper 2: read the case like a consultant, using a real-style case extract	Face (board)	Saves	A* chaser	content-studio
Tue 24 Nov	Brief No. 04	Reel 45s	White Friday: is that discount real? Pricing strategies (psychological pricing, price anchoring)	Face (board)	Reach, timely	A* chaser	twist-lab → content-studio
Thu 26 Nov	Proof and invitation	Carousel or reel	"A month in the class": recap plus a quiet line: "January group: waitlist on WhatsApp"	Mixed	WhatsApp chats	Parent	copy-engine

Every premise's facts (prices, fees, dates) are checked during scripting, then the piece goes through `cringe-filter` and `senior-reviewer` before he sees it. Arabic voice lines go through `egyptian-voice`.

Shoot day 1

One 7-hour day in his own center (never at a school he teaches in), between 18 and 24 Oct 2026 (date to fix with him), produces 8 reels, the profile photos and a b-roll bank for November.

Run sheet:

Time	Block	What we film	Output
0:00–0:45	Setup	Window light, lavalier mic, clean board, phone in 4K at 25 fps	—

Time	Block	What we film	Output
0:45–2:15	Real class	Wide shot, board close-ups, students' hands and reactions (consent only)	Pin 1 film, "aha" clip, class b-roll
2:15–3:30	Briefs 01–04	He writes the board word, then explains for 30–45s to the students off-camera. 3 takes each.	4 Brief reels
3:30–4:00	Break	—	—
4:00–4:30	On-camera test	3 short lines on a teleprompter app: "…and that's how it's examined", a parent line, a hello line. Keep only what feels natural.	Tags, the 19 Nov option
4:30–5:15	Exam mastery	Explain / analyse / evaluate; reading a Paper 2 case	2 exam reels
5:15–6:00	B-roll and photos	Hands writing, marker cap, paper with oxblood notes (dummy), walking in, books; headshot at the board	Profile photo, FB cover, carousel photos
6:00–7:00	Testimonials	2–3 students or parents, 3 questions each: before, what changed, one word for the class	Proof posts (December)

Prep checklist (a week before):

- [ ] Fix the date and get his class schedule
- [ ] Scripts for Briefs 01–04 and the exam reels: written in English, adapted to Egyptian Arabic, approved by him two days before
- [ ] Props: a soft-drink can and cinema ticket, a dummy delivery receipt, a gold jewellery photo, a printed Paper 2 case extract (no copyrighted past-paper scans), a dummy student answer
- [ ] Wardrobe: two outfits, navy and oxblood or neutral; no logos, no stripes
- [ ] Kit: phone with gimbal and tripod, lavalier mic, reflector, teleprompter app, spare batteries
- [ ] Crew: you plus one assistant
- [ ] Signed filming consent from every student; parent consent for under-18s. Faces only with consent, otherwise backs and hands.

- [ ] Ask him to bring verified past results and to pre-ask 3 testimonial volunteers

After the shoot: edit Pin 1, Brief 01 and Brief 02 first. Build carousels 3 and 7 in code. Bank 6 posts by 30 Oct.

Open questions and handoff

Six answers from Mr Rakha unlock everything else. One WhatsApp message to him covers them all.

- [ ] Shoot date (18–24 Oct) and his class schedule
- [ ] Class format and place: online, center or home; days; seats per group
- [ ] Price, for the WhatsApp `/price` reply only. It never appears in content.
- [ ] Verified results: A*/9 counts by year, with result slips (names hidden)
- [ ] Does he teach A-level too? (It changes the avatar list.)
- [ ] Who answers WhatsApp, him or an assistant?

Founder decisions: the bio variant (A recommended) · salmon vs cream paper · the "Analyst" personality · the handle.

```
HANDOFF → commando-content-studio (+ twist-lab for the Briefs)
Brand: Mr Rakha | Goal: authority → waitlist by 14 Jan | Platform: IG + FB + TikTok
Avatar: A* chaser / results-anxious parent | Pillars: Brief, Exam, Class
Format: reels from shoot day 1, carousels from code | Face: teaching, not to camera
Deadline: scripts approved 2 days before the shoot; 6 posts banked by 30 Oct
